

Patri Score

Data-Backed Qualification Software
Powering Improved Win Rates

The Future of Qualification

Patri Score is an innovative SaaS solution powering data-backed qualification, intelligent resource investments, and improved win rates for top companies in multiple countries. Providing opportunity intelligence for complex industries, Patri Score helps companies understand the quality of their bid and proposal opportunities, decide on opportunity pursuit, and communicate it to their teams.

Intelligent Qualification

Understand the strength of upcoming bids and proposals with data-backed qualification assessments that help you focus on the highest-value opportunities.

Quantify Capture

Visualize the health of opportunities in your pipeline and quantify the value of time and money saved with Patri's Analytic Dashboard.

Align the Team

A single source of truth for all qualification evaluations and decisions, Patri Score formalizes your qualification and go/no-go decision processes.

Customize Fully

Customize Patri Score's data-backed qualification assessments to reflect the particular needs of your company or industry.

3x Win Percentage | 3X Revenue Captured | 35k Hours Saved

Powered by the Leader in Opportunity Intelligence

Data-Backed Assessments

Patri Score's qualification assessments are backed by data-science to optimize your win percentage. Benefit from qualification scores informed by proposals from top companies across multiple industries.

Platform for Opportunity Intelligence

Explore your company's bid and proposal history. Understand what common factors led to success or failure. Update Patri Score with what you find to improve qualification moving forward.

"ARR [Annually Recurring Revenue] generated from RFPs was pretty low. Since adopting Patri, ARR has gone way up because we're smarter and more focused around a singular strategy and cutting out the noise."

David Jones

RFP Program Manager, OpenGov

About Patri

Patri empowers companies to win smarter in complex industries through data-powered solutions and expert services. Patri delivers opportunity intelligence, enabling proposal, sales, capture, SE, and revenue ops teams to pursue the right opportunities, while avoiding the wrong ones, driving increased efficiency and win rates.
