To whom it may concern,

My name is Nichol Luttig, Senior Technical Manager at EIMS Africa, and I recommend nFold as a strategic proposal and pitch partner for any organization. EIMS Africa is one of the largest South African renewable energy management companies. We manage numerous utility-scale wind and solar farm projects with a combined generation capacity of over 700MW.

Our industry requires us to consistently deliver outstanding results, which is why we sought nFold's expertise when we needed to prepare a professional bid for a portfolio of projects. nFold's key strengths include their exceptional ability to transform complex engineering jargon into persuasive language and their ability to create visually appealing and stylish response documents.

During our collaboration, nFold provided invaluable guidance and support, even under an extremely tight timeline. Their professionalism, reliability, and expertise truly exceeded our expectations. nFold's capabilities have proven to be valuable in our collaboration. We will not hesitate to engage nFold for future bids and other aspects of our business operations, including our website, social media platforms, and shareholder dashboards and reports.

In conclusion, I highly recommend nFold to any organization looking for a dedicated, skilled proposal and pitch partner. Their professionalism, expertise, and commitment to delivering top-notch results are remarkable.

Please do not hesitate to contact me with any questions or require further information.

Sincerely,

Nichol Luttig (Jun 21, 2023 08:49 GMT+2)
